

WHAT IS ON YOUR BUCKET LIST?

Kauai has so many spectacular activities, sights to see, pleasures to partake in; is it time for you to come back to our island?

Spend a day **EXPLORING**. Kauai has some of Hawaii's most picturesque beaches. Fifty miles of white sand surround Kauai and many of these beaches provide intimate atmospheres away from the crowds. Load up from our office lobby with an ice chest, towels, snorkel gear, beach mats, maps and some local tips on how to access the shores and coves of Kauai - whether for shell collecting, searching for sea glass or simply soaking up the sun.

Boat tour or paddle the historic jungle stream, **WAILUA RIVER**, to Fern Grotto, Wailua Falls and Secret Falls.

Visit the Grand Canyon of the Pacific, **WAIMEA CANYON**. Enjoy the nature preserve visitor center, hike a multitude of trails, tour downhill on group bicycle rides, sight rare tropical birds. Watch dolphins play in the wake of your boat as it departs from **PORT ALLEN**. Sunset cruises, **NAPALI COAST**, snorkel and sail adventures, charter fishing, scuba dive trips. **ZIPLINE** our jungles, surf, stand up paddle board (SUP) or enjoy one of the four wheel drive tours while you imagine Jurassic Park movies being filmed. Take off and soar the skies, be amazed on scenic air tours of our beautiful island. **LIHUE** offers great proximity to the airport. Romance under the stars while enjoying a Hawaiian **LUAU**, the Polynesian history presented in dance and music along with scrumptious local and traditional foods. Listen to the melodies of Hawaii. **FREE** live music nightly at many outdoor seating restaurants and bars. Learn from our plantations and botanical gardens about growing coffee beans, coco for chocolate, flowers, island fruits and medicines.
